TRANSPORT NEEDED - CAN YOU HELP?

We're trying to find someone who can assist with the logistics of moving all our set, props and so on from Bradley Wood to the theatre and back. This normally requires two 7.5 tonne trucks but there's a chance we might actually need three this year.

We'll need to load the lorries late afternoon on Sunday 22nd November, and then either drop the gear at the theatre very late that night (they have a show that evening) or first thing (9am) on the morning of 23rd November. We then normally get the lorries parked up behind the theatre during the show on the Saturday night, ready to reload everything in and take back to Bradley Wood, where we unload the same night.

If you or someone you know might be able to help out with this please contact Steven Ainley.
